

Team

- **New product for 2008!**
- The new blue labelled “**Team**” product is an improved version of the ELEY Club cartridge, using the same flat nose bullet as used for Tenex and Match.
- The introduction of Team will allow club shooters to use a quality of ammunition closer to that used by championship shooters, but at a much lower cost and therefore giving them the edge over what they are currently using with existing Club ammunition.
- The talented shooter who demands greater consistency can shoot Team with confidence and achieve great results.

2008 Product Range

Rifle	Pistol	Semi Auto	Hunting	RATING	NEW	Replacing
•	•			(E) (E) (E) Value for money, with great accuracy	Team 	New product for 2008
